WHAT IS THE CAMINO DE SANTIAGO?

Camino de Santiago, or The Way of St James, is an ancient pilgrimage that dates back to the 9th Century. The local bishop, after the remains of the Apostle to Christ were brought to Galicia for burial declared that a church would be built in honour of St James the Greater.

Pilgrims began walking to the resting place of St James from all over the world. The modern Camino de Santiago has 9 main routes, all of varying lengths, terrains, and cultures. Hundreds of thousands of pilgrims make their way to Santiago each year, some walking for religious reasons, others to improve their fitness – all in search of deeper connection with loved ones and themselves.

This Camino starts in 'The Glass City' of A Coruna before passing through pretty Galician town like O Burgo, Sergude, and Bruma. Prepare for a quietness away from crowds rarely found on other pilgrimage routes, the ideal conditions to reconnect with yourself and your spiritual side.

VIA FRANCIGENA: VITERBO - ROME

- 7 days
- 110km
- From €796
- Northern
Lazio, Italy

During the Middle Ages, the Via Francigena was the most popular pilgrimage route to Rome. A spectacular walking holiday, it offers you peaceful surroundings, a glimpse into life in Italy, stunning food and wines, and an authentic walking adventure.

This route is more challenging as it is not as well waymarked and doesn't have as many facilities enroute, but it is not as busy as the Camino de Santiago and offers an entirely different pilgrim experience ending in the Vatican itself.

They say "All Roads Lead to Rome" and standing in St Peter's Basilica in the heart of the 'Eternal City', having completed nearly a week of walking through the ancient heart of Italy, is an experience many pilgrims take with them through their whole lives.

TESTIMONIALS

“I would like to recommend Umberto and Follow The Camino. They did a fantastic job organising our fundraising trip to the Camino de Santiago. The organisation was excellent and all of our 28 travellers had a great time. The Camino trip was an amazing experience, I know it can mean very different things to different people but there was one thing that connected us all together, and that is that it is a walking holiday like no other ... I felt that the meditative act of walking, the nature, and the friendships we made along the way has been one of the most amazing experiences ever and it was a joy sharing it with Umberto and everyone. Umberto and his team have been of great help and I got to know Umberto better as we walked together along the way ... He helped make this trip special and something that we will definitely do again, as it really helped raise awareness and funds for The Rise Foundation. Thank you Umberto, we are all deeply grateful to you for your hard work.”

FRANCES BLACK, SENATOR & CEO OF THE RISE FOUNDATION – IRELAND

“CRY Ireland are happy to recommend Silvia and her colleagues at Follow the Camino ... The CRY #Camino trips have been an amazing experience for our walkers and everyone takes something different away from the Camino and it is a unique experience that I would highly recommend. We laughed, cried, chatted and bonded over a walk that anyone can do ... Silvia has been flexible and met all our requirements for our group, with excellent accommodation and food. The Guides have been fantastic – a good guide is imperative and so important to the group and the Camino experience.”

LUCIA EBBS, CEO OF CRY IRELAND – IRELAND
